Ms. Crystal Layton
Regulatory Agent for
Babolna Bioenvironmental Centre Ltd.
c/o Landis International
3185 Madison Highway, P.O. Box 5126
Valdosta, GA 31603-5126

Subject: Acceptance of Amended Reregistration Label
Product Name: BABOLNA COCKROACH KILLER FOGGER (AEROSOL)
EPA Registration Number: 70062-8
EPA Decision Number(s): 410239, 411802, 413380 & 414116
Your E-Resubmission Dated February 17, 2015

Dear Ms. Layton:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **REDs for MGK® 264 Insecticide Synergist, Permethrin, Piperonyl Butoxide, and Pyrethrins**, and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions about this letter, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov or Mr. Richard J. Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov during the hours of 9:00 A.M. to 5:30 P.M. EST.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Richard J. Gebken".

Richard J. Gebken

ACCEPTED
February 18, 2015
Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended, for the
pesticide registered under:

EPA. Reg. No: 70062-8

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Breathing spray mist may be harmful. Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of rinsate or equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F (54° C) may cause bursting.

This product contains highly flammable ingredients. It may cause a fire or explosion if not used properly. Follow the Directions for Use on the label very carefully.

Highly Flammable Ingredient
Ingrediente Altamente Inflamable

User Safety Requirements:

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

User Safety Recommendations:

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions

- Does not control bed bugs.
- Do not use in aircraft.
- Do not remain in treated area. Exit immediately and remain outside of treated area until aerosols, vapors and/or mists have dispersed. Wait two hours after application then open windows, vents and doors for two hours. If an odor is still detected additional ventilation is required.
- Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed and the treated area has been thoroughly ventilated.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur.

General Instructions and Information

General Information:

BABOLNA COCKROACH KILLER FOGGER (AEROSOL) contains a synthetic, juvenile hormone "look-alike" which disrupts the normal growth development of cockroaches. Roaches exposed to BABOLNA COCKROACH KILLER FOGGER (AEROSOL) will become adults incapable of reproducing, thus ending the cycle of infestation. BABOLNA COCKROACH KILLER FOGGER (AEROSOL) also contains conventional insecticides which control fleas, ticks, and flies. The fog reaches these insects through cracks and crevices to kill them where they hide.

BABOLNA COCKROACH KILLER FOGGER (AEROSOL) should be applied every three months to maintain continuous protection. It leaves no bad smell and, when used as directed, does not stain furnishings. One 63 ml (2.2 fl. oz.) can is sufficient to treat a room of 60 m³ (2120 cu. ft. or 17 ft. x 17 ft. with an 8 ft. ceiling). That corresponds to about 15-20 m² (~200 sq. ft.). The 150 ml (5.3 fl. oz.) can is sufficient to treat approximately 140 m³ (4,940 cu. ft. or 25 ft. x 25 ft. with an 8 ft. ceiling), and the 210 ml (7.4 fl. oz.) can is sufficient to treat approximately 200 m³ (7,060 cu. ft. or 30 ft. x 30 ft. with an 8 ft. ceiling). Duration of efficacy is about three months.

To Use this Product Correctly: DO NOT use more than one FOGGER per room.

DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms.

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).

Call your gas utility or management company if you need assistance with your pilot lights.

Application Sites:

BABOLNA COCKROACH KILLER FOGGER (AEROSOL) is intended for use in domestic, commercial, and industrial areas, including apartment buildings, houses, schools, day care centers, nursing homes, hospitals, laboratories, industrial and office buildings, manufacturing establishments, warehouses, stores, supermarkets, grocery stores; food-handling premises such as kitchens, restaurants, bars, cafeterias; and transportation such as buses, trucks, trailers, rail cars, and marine vessels.

Instructions for Use:

- 1) **Before you fog:** Cover or remove exposed food, drinking water, dishes, utensils, and food-handling equipment and plastic items such as eye glasses, stereo covers and notion boxes before application.

All food processing surfaces and equipment should be covered during treatment or thoroughly cleaned before using. Cover aquariums and remove birds and other pets before treatment. Open cabinets and doors to areas to be treated. Leave rugs, drapes, slipcovers, and furniture in place. When used as directed, this product will not harm them. Make sure the room is properly closed. Shut off fans and air conditioners. Extinguish open flames and pilot lights.

- 2) Shake well before using. Place container into the middle of the room on a table or a chair with several sheets of newspaper or a pad under the fogger.
- 3) **To Start Fogging:** Keeping at arm's length, point top of can away from face (container sprays straight up), press down valve, and set can in upright position. Do not remain in treated area. Exit immediately and remain outside of treated area until aerosols, vapors and/or mists have dispersed.

Vacate the treated house, individual apartment unit, or other structure immediately.

- 4) Keep treated area closed at least for two hours. Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.

Do Not Re-enter for 2 hours.

Airing Out: After two hours, open windows and let treated area air for 2 hours.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place, away from heat, sparks and open flame. Keep container closed and out of reach by children and animals.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

Container Handling: Do Not Puncture or Incinerate! Nonrefillable container; do not reuse or refill this container.

If empty: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (**DO NOT PUNCTURE!**). If the recycling option is not available, discard container in the trash.

If partly filled: Call your local solid waste agency for disposal instructions.

WARRANTY AND CONDITIONS OF SALE

To the extent consistent with applicable law BABOLNA warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with label directions under normal conditions of use. To the extent consistent with applicable law seller makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. Buyer assumes all risk of use, storage or handling of this material contrary to label instructions.

[The final printed label will have label statements in both English and Spanish.]
